STOCK LIST - QUOTATIONS - MARCH 1, 1899.

[illegible]

socialism is now sedulously cultivated and who are severely reproached in the first place for their lack of political and social creditability to their respective authors. Some translations from Chinese novels are players marvled by both accuracy and freshness of style; and an account of the career of the Chinese post-statemaster of the eleven-century century, for example, by Mr. C. P. Fitzgerald is not only historically valuable, but is also distinguished by its literary grace. Besides reviews of new books relating to China and the East, which will be a useful feature of the Review, if carried out with precision and care, the *Review* will also contain the titles of "Notes" and "Quotes" are destined to find a place in its pages also. It is to be hoped that this opening for contributed material on Chinese subjects may evoke a shillered degree of interest in the Chinese community and during the lifetime of its present editor in the field, and that the *Chinese Review* may receive the support necessary to ensure its continuance.
